

# Critical Information Summary

## Information About the Service

### The service

Zolt delivers high-speed broadband services to select Properties via wireless or wired technologies on a month-by-month contract.

The Service will only work in a property which has been enabled for use with Zolt internet.

### Availability

Zolt only operates in specific Buildings. Installation outside of enabled Buildings is not possible.

### IP Addressing Allocation

Unestablished public access to devices is not possible, such as is required to run a server.

Zolt allocates dynamic CGNAT IP Addressing in the Shared Address space of 100.64.0.0/10 as per IETF RFC 6598.

### Important Conditions

- To use our network you need to be located within an enabled building
- Outside of our enabled buildings we are unable to provide network or internet services

### Use of Network

- Commercial Use, Business Use, Resale, on-selling, bundling, sharing or external access (including free Wi-Fi stations under accounts) is not permitted.
- Devices connected to our network will not be permitted to directly transmit data between each other except via the public Internet.

Actual throughput speeds may be slower and could vary due to various factors. Testing of speed can be made at any time by visiting <https://fast.com>.

## Information About Pricing

### Minimum Monthly Charge

Zolt plans are for a monthly period paid in advance. All plans will automatically renew unless cancelled via the Zolt Portal or by contacting the Zolt helpdesk before the time of renewal. Not all plans are available at all locations.
